MEMORANDUM FOR: [REDACTED]

Jim: *

On behalf of the Office Directors and myself, I would like to express our appreciation to you for participating in the nomination process for the pilot running of this Directorate's senior internal rotational program. As you know, I am firmly committed to this concept and intend to do whatever I can to see to it that this program gets underway as soon as possible.

As we explained to you at the time you were nominated, in order to broaden the selection process, we elected to come forth with more candidates than positions knowing full well that not all of the nominees would be selected. In the selection process we attempted to identify as closely as possible the unique requirements of the job with the qualifications of the nominee. Although through this process you were not one of those chosen, I can assure you that this in no way reflects on you or your ability but instead you should consider the fact that you were nominated as an indication of the high regard in which you are held by this Directorate.

Again, I wish to thank you for your cooperation, commend you for your past accomplishments, and look forward to your continued success.

Signed: John F. Blake
